A NOTE FROM xTYPE

We have a passion for exceptional fonts. We believe they should be free, for everyone. So we're designing them and sharing them with the world.

Every font is also an invitation to xCanvas, the free app we made for people who love to create text art with fonts.

License

Floravelle is provided free by xType, the app developer behind xCanvas.

You may:

- Use this font in logos, branding, print, merchandise, packaging, videos, social media, websites, apps and games, for yourself or for clients, at no cost.
- Embed it in PDFs, and use it as a web font on your own websites.
- Use it in the fixed text of your own app or game (menus, titles).

You may not:

- Include this font in any font editor, logo maker, graphic design app, template service or online design platform where users can select it to create their own designs.
- Sell, rename or modify the font files, or upload or publish them for download anywhere, alone or as part of a font collection.

These restrictions do not apply to xType, the author of this font, which may also include it in its own apps, such as xCanvas.

For any other use, or for questions about this license, contact xTypeApps@icloud.com.
